

**WELCOMES YOU TO SUGARING WITH THE *SAP STRAINER***

The Sap Strainer you've just received is perfect for filtering out the bugs and bark from your sap between tree and evaporating pan. This 7" stainless steel mesh strainer is also handy in the kitchen for quickly rinsing fruits, veggies, herbs, beans, and other grains, straining broth, gravy, sauces, pastas, jams, jellies, purees, and tea and to sift flour or powdered sugar over your baked goods and desserts!

Simply rinse between sap runs or throw in the dishwasher for effortless cleaning between tasks.

Enjoy!
